Re: Hidden Valley Subdivision Drainage Project
GEC Project #2-0123-44F

Dear Property Owner,

As discussed at the last public meeting held on August 10, 2023, we have refined the preliminary layout, and are scheduling another public informational meeting to discuss the proposed drainage improvement project within Hidden Valley Subdivision in the Town of Onalaska, La Crosse County, Wisconsin.

Using feedback we have received through correspondence with residents and our last public information meeting, as well as preliminary modeling, we have developed a layout of the proposed easement to present to the subdivision residents at a **Public Workshop meeting at the Town of Onalaska Town Hall on Thursday, September 7, 2023 at 7pm**. The purpose of this meeting is to discuss the easement layout and give residents, such as yourself, an opportunity to provide feedback.

All questions and/or concerns about the Hidden Valley Subdivision Drainage Project should be directed to the following email address: Hiddenvalley@generalengineering.net.

Yours truly,

GENERAL ENGINEERING COMPANY
